MEMBERSHIP

.....

For a variety of reasons there are years when, as much as you would like to, you can't get out to the Club every week... or even every month, to play golf.

The Oxley Golf Club has the solution.

This membership is the perfect opportunity allowing golfers who have limited availability to play golf at their own pace, acquire a Golf Australia handicap, play in club competitions, and participate in member activities.

All at a reasonable price.

For a small annual fee players will have FULL access of the course at a discounted rate, along with the ability to compete in normal club competitions, even Saturdays.

Whether you're beginning your golfing journey, or winding down, this membership allows you to play at your own leisure, only paying for what you use.
